New York State Education Law requires all NEW ENTRANTS and students in Pre-K or K, 2nd, 4th, 7th and 10th grades to have a physical exam. The District strongly recommends that your own physician conducts your child's health physical because he/she is most familiar with your child's development. We ask that your physician use the Health Appraisal form provided by the school or their own form and have it at the time of registration or return it to the school nurse of the building your child will attend. **If a physical form from your doctor/pediatrician is not returned within 30 days, your child may not be able to return to school.**

A law was recently enacted that expands health screenings to include dental health of students in New York. The school can provide a certificate for you to take to your child's dentist and once it is completed, it should be returned to the School Nurse.

Thank you for your cooperation with this new requirement. Our students benefit when we work together to promote the health and achievement of all students.

Dental Health Certificate- Optional

Parent/Guardian: New York State law (Chapter 281) permits schools to request an oral health assessment at the same time a health examination is required. Your child may have a dental check-up during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your registered dentist or registered dental hygienist for an assessment. If your child had a dental Check-up before he/she started the school, ask your dentist/dental hygienist to fill out Section 2. I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.
