Today was our first day of meal delivery during this school shut down as a result of the COVID - 19, Coronavirus. I would like to remind the community that our meal delivery program is available to all school age children that may need nutritious meals during these difficult times. If you have not already done so, and would like to participate all you need to do is to contact the school building of your oldest child to sign up. The elementary number is 499-0330 and the High school is 499-1770. Just tell the secretary that you would like to sign your children up and tell her their names, it's that easy!

Meals will then be delivered each morning to the elementary bus stops; If you need those times, please call our bus garage at 499-0808. Please Understand that someone from your family must be prompt and present to pick up the meals when the bus arrives; we cannot leave the meals unattended or with others. We would also like to remind you to practice appropriate social distancing while at the bus stops, we would like to ensure that each of us are doing our part to stop the spread of this virus.

If you should have any questions or concerns, feel free to reach out to your school buildings, we are here to help. Please know that we understand that these are very difficult times; ones that have created incredible inconveniences and hardships in each of our lives. I do believe that by continuing to work together and providing support to one another we can make this entire situation a bit more bearable for each of us.

Best,

Patrick Dee
