

September 18, 2020

Dear Parent/Guardian:

The Whitehall Central School District has selected Raptor to provide COVID-19 Pre-Screening services.

Beginning Monday, September 21st, you will receive an email each morning to screen your child before the school day for your Elementary School students.

We've enclosed an instructional sheet to prepare you for this process. Additionally, we've placed an instructional video on our website at [www.railroaders.net](http://www.railroaders.net).

We look forward to working with you to make our day start safely, and efficiently.

**Important Notes:**

- You will receive an email each day, even if your child only attends on Maroon / White Team Days. You can disregard this email on days your child(ren) do not attend.
- Only Elementary School Students will receive Raptor Emails.
- Only the SchoolTool primary contact will receive Raptor Emails. You can discuss any changes you need to make regarding this with the Elementary Main Office (518-499-0330). You can also forward this email to another custodial guardian if needed.

**If you need help or have any questions:**

**Elementary School Main Office:** 518-499-0330

**IT Department:** itdept@railroaders.net

Regards,

Judy Gould  
Elementary School Principal
